## IS THE TIME TO CURE SKIN HUMORS.

It is at this season when the pores open freely and the perspiration is abundant that discharges humors, skin eruptions, itching, scurvy, salt rheum or eczema, psoriasis, leprosy, ringworm, hairy humors, scrofula, scrofulous eruptions, skin diseases, and all other eruptions of the skin, and every species of itching, scaly and pimply eruptions of the skin, and every other medical and economical ailment of the Cutaneous Remedies.

IT IS A FACT. Hundreds of letters in our possession (copies of which may be had by return mail) are our authority for the assertion that skin, scalp and blood humors, whether scrofulous, inherited, or contagious, may now be permanently cured by Cuticura Remedies, the new blood purifier, internally and externally. Cuticura Soap, the great skin cure and beautifier, externally, in one half the time and at one half the expense of any other remedy.

GREATEST ON EARTH. Cuticura Remedies are the greatest medicines on earth. I have used them for skin diseases, my mother, my mother-in-law, my wife, my children, and my friends, and have cured them all. My mother, who was afflicted with skin disease for twenty years, and in fact, died from it, believes Cuticura would have saved her life. My wife, who was afflicted with skin disease for three years, which was covered by scabs, and which she could not get rid of by any other means, is now perfectly cured by Cuticura Remedies, internally and externally. Cuticura Soap externally.

GREAT BLOOD MEDICINES. The half has not been told as to the great curative powers of the Cuticura Remedies. I have paid hundreds of dollars for medicines to cure skin diseases of the blood and skin, and never found anything yet to equal the Cuticura Remedies. CHAS. A. WILLIAMS, Providence, R. I.

CURE IN EVERY CASE. Your Cuticura Remedies caused all other medicines to be thrown aside. My mother and patients say that they have effected a cure in every case where other remedies have failed. H. W. BROCKWAY, M. D., Franklin Falls, N. H.

Send for How to Cure Skin Diseases. BEAUTY. For women, tan and freckles, and every skin disease, blackheads, pimples, skin eruptions and itchy humors, use Cuticura Soap and a real beautifier.

HOSTELERS. The feeble grow strong when Hostellers Bitters is used to promote assimilation of the food and enrich the blood. Indigestion, the chief obstacle to an acquisition of strength by the weak, is an ailment which is fallaciously ascribed to the action of the liver. Loss of appetite, failure to sleep, and growing emaciation, are the sure signs of indigestion. Hostellers Bitters is the great invigorant, which braces up the physical system and fortifies the constitution against disease. It is sold by all druggists and dealers generally.

STOMACH BITTERS.

FEVER AND AGUE, malarious fever, bilious and typhoid fevers all originate in the producing cause and may all be fully prevented by Parsons' Purgative Pills. These pills act directly and powerfully upon the blood.

## To Dyspeptics.

The most common signs of Dyspepsia, or Indigestion, are an oppression at the stomach, nausea, flatulency, water-brash, heart-burn, vomiting, loss of appetite, and constipation. Dyspeptic patients suffer untold misery, bodily and mental. They should stimulate the digestion, and secure regular daily action of the bowels, by the use of moderate doses of

## Ayer's Pills.

After the bowels are regulated, one of these Pills, taken each day after dinner, is usually all that is required to complete the cure. AYER'S PILLS are sugar-coated and purely vegetable—a pleasant, entirely safe, and reliable medicine for the cure of all disorders of the stomach and bowels. They are the best of all purgatives for family use.

PREPARED BY  
**Dr. J. C. Ayer & Co., Lowell, Mass.**  
Sold by all Druggists.

## NOTICE OF REMOVAL.

We beg to inform our patrons and the public generally that our office has been removed from its old location to the new one.

**Gigars, Pipes, Smokers' Articles!**

—TO THE—  
**Gardner & Gillies Building.**

When you are in the City, just east of the Clipper, a very large and complete stock of GIGARS, PIPES, and every article in the line of smokers' goods, in the hands of the Gardner & Gillies Building. Customers for past favors and a notice of the same at our new location, respectfully,  
**B. J. AREL & CO.**

**Dr. Bosanko.** This name has become so popular with people throughout the United States that it is hardly necessary to state that he is the Bosanko Co. people's favorite remedy, wherever known, for Coughs, Croup, Whooping Cough, and all other ailments of the Throat and Lungs. Price 50 cents and \$1.00. Sold by J. J. Phelan.

## A SAD TALE OF WANT AND HUNG.

A Shocking Accident to a Freight Train—Engineer and Brakeman Begging Piteously to be Released from their Burning Prison.

## The Starving Indians.

WASHINGTON, Aug. 30.—In regard to the reports of the distressed condition of the Pegan Indians, Indian Commissioner Stevens to-day stated that the Indian office is in no wise to blame for the condition of affairs. At the last session of congress the commissioner had requested an appropriation of \$75,000 for the maintenance of these Indians. This amount was, in his opinion, the smallest sum that would suffice for the purpose, but the house cut the estimate down to \$40,000. The senate increased the appropriation to \$50,000, and this money, although used to the best advantage, is not enough to feed the Indians during one year.

On August 11th Agent Allen made the following report upon the subject: "Under date June 4th, 1884, I wrote your office reviewing the estimates for supplies made by my predecessor, John Young, for the year ending June 30, 1885, and showed that the amount of meat estimated for, was only one-fourth quantity required. He asked for 500,000 pounds of beef gross and only 400,000 pounds had been purchased, less than one-fifth ration or less than five ounces per day for each person. Flour purchased for the current fiscal year gives less than six ounces for a day to each person. On such allowance, having nothing else, how could they avoid starving? I telegraphed you I have supplies for the present needs. If I were to divide 400,000 pounds of beef by fifty-two, the number of weeks in a year, and issue only that amount, the needs would not be met; but I am issuing more than that and will continue to do so while I have it on hand, for they shall not die of starvation while I have anything to give them. If the supply runs out the responsibility may rest where it belongs. At the present there is a great abundance of berries and these help to prevent starvation. For Indians gather and eat them in great quantities. The berries will soon be gone and then there will be nothing but meat and flour. It should be borne in mind that at no time since I assumed charge of this agency has there been a single pound of rice, beans, hominy, oatmeal or anything of that kind to give the Indians. Do you wonder it is reported that they are starving? In May and June there were times when they stripped trees and ate the bark to keep souls and bodies together, and all the time they were begging for food. I, at one time, issued over 200,000 pounds of bacon that I had not received for, and had been condemned by the board as survey. I would never have done so had they not been in a starving condition. Just now, they are not suffering, but in a very short time the berries will be gone and supplies will run low, and the carpenter will again be kept busy making burial boxes unless something can be done in the way of getting them additional food."

## A Shocking Accident.

WHEELING, W. Va., Aug. 30.—Thursday night, the 11 o'clock freight train on the Cleveland, Lorain & Wheeling railroad, north bound, with engine No. 4, when near Stillwater, jumped the track, turning almost completely over, and wrecking fourteen cars. John Egan, engineer, and James Bulger, brakeman, were killed. The engineer was found seated on his cushion, bent forward, with his arms held over the top of his head. He was held firmly to the ground by the top of the cab. One leg was cut off and the other driven into the soft ground. He moved twice after the crew had reached the engine, and then died. A brakeman who was riding on the engine at the time of the accident, was found back of the engine, held tight by the weight of the cab. He begged piteously to be released and told the two men who were working to release him from his burning prison to kiss his babies for him and tell his wife that his last breath went out in prayer for her and the little ones. It took an hour to get him out. He was carried to the station and died at 1 o'clock. The bodies were brought to Bridgeport to-day.

## Washington Gossip.

WASHINGTON, Aug. 30.—Acting secretary of the treasury issued the following circular: "Notice is hereby given that the unloading of old rags arriving at the ports of the United States from foreign ports, on and after the 1st prox., is prohibited for three months from that date." A cablegram received at the postoffice department announces the postponement until February next of the international postal congress, which was to have assembled at Lisbon, Oct. 1st. The postponement is probably made on account of the existence of cholera.

## The Session Ended.

MILWAUKEE, Wis., Aug. 30.—The Northwestern military encampment ended this afternoon with a sham battle, in which the entire national guard of the state participated.

## Corn Merchants Fall.

MANCHESTER, Aug. 30.—Two corn merchants of this city failed to-day. It is believed one of the failures will involve several London houses, although not seriously.

## Cleveland at Home.

ALBANY, N. Y., Aug. 30.—Governor Cleveland arrived at the executive chambers at 9 o'clock this morning. He had many callers to-day and in the evening was serenaded.

## An Ex-President Dies.

GALVESTON, Tex., Aug. 30.—John Sealy, ex-president of the Gulf, Colorado & Santa Fe railroad, died suddenly at his residence in this city this evening. Aged 63.

## Blaine and Morrison.

AUGUSTA, Me., Aug. 30.—Blaine and Benjamin Harrison, Ind., arrived in Augusta to-night. Harrison is the guest of Blaine.

## A Wife Ill.

FORTRESS MONROE, Va., Aug. 30.—The wife of Chief Justice Harlan is very ill here.

## FOREIGN NEWS.

LONDON, Aug. 30.—The British ship "Earl Beaconsfield" from Glasgow to San Francisco, burned at sea. The crew is landed at Valparaiso.

LONDON, Aug. 30.—Advices received by leading China houses of London from their branches at Foo Chow and Shanghai show no dread entertained there of native uprisings and business proceeds as usual. In London premiums on trading vessels in Chinese seas, which have been advanced to war rates, have fallen to-day. General commercial confidence prevails and a early settlement of the Franco-Chinese difficulties are looked for.

WARSAW, Aug. 30.—Unusual precautions are being taken here in view of the Car's visit, to prevent any acts of violence by Nihilists. The railways are minutely inspected and all the trees along the roads to be traversed by the Car have been destroyed to prevent conspirators hiding in them. Search-making everywhere is made nightly. Three hundred persons, including fifty-seven women, have been arrested since the discovery of the Barzdoski conspiracy.

## Dying.

for print or label, and that trade mark registration is distinct from the registration for the purpose named. The distinction between copyright matter, which goes to the librarian congress, and design matter, is pointedly set forth in the decision.

## An Aggressive Campaign.

PHILADELPHIA, Aug. 30.—At a conference of the national greenback labor party with General Butler at Williamstown to-day, an aggressive campaign was decided on. General Butler will deliver more speeches in the state—at Pittsburg and two other places determined. From now on, the party will be devoted to perfecting up local tickets, and canvassing will be made.

## Ind. Soldiers.

INDIANAPOLIS, Aug. 30.—The campaign of this state was formally opened both parties to-day, and hundreds of speeches were delivered in towns and cities in all parts of Indiana. In this city the republicans did not hold a meeting. The democrats had a large street demonstration, consisting of uniformed clubs, carrying torches and transparencies. It took place from the stand on a circle, where Ex-Governor Hendricks addressed the audience, numbering several thousands.

## Nominations.

ABINGTON, Va., Aug. 30.—The republican congressional convention here nominated D. H. Bailey for congress.

STANTON, Va., Aug. 30.—J. Vost was nominated for congress from the new Tenth district.

CINCINNATI, Ohio, Aug. 30.—The Commercial-Gazette's Plymouth, Ind., special says: The democrats of the Thirtieth district nominated George Ford for congress.

## St. Louis Rifles Wins.

LOUISVILLE, Aug. 30.—The result of the prize drill was announced at 8 o'clock p. m. The Rifles, St. Louis, first prize, \$3,000; Montgomery, Alabama, Greys, second prize, \$1,000; Indianapolis Light Infantry, third prize, \$500; Porter Rifles, Nashville, Tenn., fourth prize, and Quapaw Guards, Little Rock, fifth.

## An Incendiary at Work.

ATCHISON, Kan., Aug. 30.—An incendiary fire swept away an entire block of buildings in Muscatine, this county, early this morning. The post office, shoemaker shop, hardware store and dwelling, and dwelling houses of Dr. Riggs and Daniel Reiserer, were destroyed. Loss \$20,000.

## Slap it to Them.

PRESCOTT, Arizona, August 30.—The United States grand jury have found seven indictments for polygamy, the first ever found in Arizona. The Mormons and Gentiles are greatly excited.

## The Session Ended.

MILWAUKEE, Wis., Aug. 30.—The Northwestern military encampment ended this afternoon with a sham battle, in which the entire national guard of the state participated.

## Corn Merchants Fall.

MANCHESTER, Aug. 30.—Two corn merchants of this city failed to-day. It is believed one of the failures will involve several London houses, although not seriously.

Three hundred persons, including fifty-seven women, have been arrested since the discovery of the Barzdoski conspiracy.

## THE LITTLE INDIANS.

### An Interesting Talk with Professor Bryan—The Future of His School.

Our scribe remembering that a large number of Indian children from Laguna and Acoma went to the Carlisle school recently approached Prof. Bryan to learn the probable effect upon the attendance at the school at this place.

O. S.—"Prof. how many children went with Capt. Pratt to Carlisle this month?"

P. B.—"I understand there were seventy-six children in all."

O. S.—"From what pueblos were they taken?"

P. B.—"Four from Cochiti, two from Jemez, fourteen from Acoma and fifty-six from Laguna."

"How does it happen that so many went from Laguna and Acoma?"

"The pueblo of Laguna is the furthest advanced of all the pueblos. Rev. Mr. Mengall has been laboring among them for many years and the Marmon brothers have laid claim to the killing. Early yesterday morning a Mexican residing near Jemez Springs arrived in the city, and without consulting the 'A. & P.' until the government erects permanent ones."

### The Bear Skin.

A rather peculiar case was commenced yesterday before Judge Sullivan, and it was so out of the usual run that the "squire" invited his brother Burke to sit with him. It seems that Phelan, Sanders and Crocker have been exhibiting a bear skin about the city as a trophy of one of their hunts, and that Sanders and Phelan have laid claim to the killing. Early yesterday morning a Mexican residing near Jemez Springs arrived in the city, and without consulting the 'A. & P.' until the government erects permanent ones."

### Boys at Once Instituted Suit.

stated, laying his claim at \$2.85 for balance due on a certain bear skin on which the defendants Phelan, Crocker, Doud, Sanders and Aldrich had paid \$1.15 being all the money in the party. Tom Phelan has smuggled the animal's covering down to the house and was engaged yesterday in cussing Jose Maria Delgado, the unprincipled Mexican who had dared to bring the suit. This whole matter was detailed to us by Doctor Kimball and Judge Burke. Don't let us say anything about it for it will make Judge Sullivan awful mad.

### What is the Matter with the Mail System of New Mexico?

We mailed a letter in this city last Friday morning, directed to Socorro, and Sunday we arrived in the latter place twenty-four hours in advance of the letter. The Albuquerque Journal probably answer our query, as it is ever willing to defend the mail agents—Las Vegas Gazette.

### We are Delighted to Know that We are Called the Defender of the Boys.

They are a much abused class especially in the instance above referred to. We happen to know all about the Hadley letter mentioned above. The truth of the matter is Hadley met a lot of delegates on the way to Santa Fe and he failed to post that letter until he arrived at So.

### Joel D. Torlina, Esq., and his most estimable better half, returned together from St. Louis last evening, and both will hereafter make their home in the "metropolis of the Rio Grande."

Mr. Torlina has been extremely busy during his absence saying new goods for the store here, until a stock in the entire south-west. This is Mrs. Torlina's second visit to our city, and new things to her most hearty welcome. A new residence is to be commenced at once in the southern portion of the city.

### Big Thing for Jo.

Antonio Joseph stands one hundred per cent better show for election as delegate on the Democratic ticket this fall than he did before the Republican convention met and split up. Both of the Republican candidates have a faithful following in their party ranks, and if a compromise of some satisfactory sort is not soon reached, and the Republican vote goes to the polls divided in the middle, the Democrats are pretty sure to come through away ahead. But there is time for any number of new deals before election day.

The balmy breath of summer fans your tired brow with such delicious softness, that you are apt to forget the chill of night, the sudden fall of temperature and the fatal draft which brings on death and disaster. It is then that Pond's Extract plays an important part. It subdues at once all kinds of inflammation, cures aching pain, corrects the nervous system, and controls all sorts of hemorrhages, whether from lungs, nose or stomach. It is vegetable and harmless. It is used internally and externally with the same good results, and at home or traveling, its prompt true action will make you its friend.

For the prompt and certain cure of erysipelas, use Ayer's Sarsaparilla, which is the specific endorsed by the most eminent medical authorities.

## IT LEADS ALL.

No other blood-purifying medicine is made, or has ever been prepared, which so completely meets the wants of physicians and the general public as

## Ayer's Sarsaparilla.

It leads the list as a truly scientific preparation for all blood diseases. If there is a lurking evil in the system of Scrofula about you, Scrofula Ayer's Sarsaparilla will cleanse it out and expel it from your system. For constitutional or scrofulous Catarrh, AYER'S SARSAPARILLA is the true remedy. It has cured numerous cases. It will stop the nauseous catarrhal discharges, and remove the stinking odor of the breath, which are indications of scrofulous origin.

—Hartford, Tex., Sept. 29, 1882.

ULCEROUS. At the age of two years one of my children was terribly afflicted with sores which ran down his face and neck. At the same time his eyes were swollen, much inflamed, and very sore. Physicians told us that a powerful and reliable alternative medicine must be employed. They failed in recommending AYER'S SARSAPARILLA. A few doses produced a perceptible improvement, which, by an adherence to your directions, was continued to a complete and permanent cure. No evidence has since appeared of the existence of any scrofulous tendencies, and no treatment of any disorder was ever extended by more prompt or effectual results.

Yours truly, R. F. JOHNSON.
